**Why do I choose to work in Catholic Education?**

I believe in living my faith and working in a Catholic School allows me to do just that. Not only can I teach students the academic subjects, I also feel that I have some influence on the values that they need to take into the world.

**What do I consider uniquely special about the St. Francis de Sales Catholic School experience?**

St. Francis is very much a family. That being said I feel a special connection to the teachers, staff and parents who are part of this school. My daughter attended St. Francis from Kindergarten through 8<sup>th</sup> grade and I have known some of the families for 20 years. The staff works together to support and encourage each other and our students.

**What are my interests beyond my work at St. Francis de Sales?**

I love working around my house and in my yard. I am an avid reader and you will always find me with a book. In the summer, I love to go to the beach. Also, I am a big Ravens fan and attend most home games. I also love to travel. In addition, I take pleasure in all types of needlework like cruel and cross stitch.

**What is my favorite quote and the author?**

*“All our dreams can come true if we have the courage to pursue them.” - Walt Disney*
